Dear Sirs,

as far as the Notes are concerned, we hereby inform you that during the Collection Period ended on April 30, 2022:

As a result, the paid-up amounts of the Notes as of April 30, 2022 are as follows:

 - Euro 7,895,000.00 as regards the Junior Notes
- b) New Receivables were purchased for a total amount of Euro 4,098,493.02

- e) The Cash Reserve has been replenished up to Euro 1,356,222.05 corresponding to remaining Issuer Available Funds after the payments shown under reference 2C, 2D and 2F of the Payment Report
- f) Please note that on April 7, 2022 the Collection Agent, on behalf of the Issuer and in the interest of the Noteholders, sold the Receivables no. 1140, 1126/1, 1171, 1215 and 1214 relating to certain Cuba exposure with an outstanding nominal value in aggregate equal to EUR 19,861,084.34 (*) in accordance with the Transaction Documents (including, but not limited to, article 11.3.1, lett. (j) of the Master Transfer Agreement). The Collection Agent considered that best strategy for optimizing the performance of the portfolio consisted of a prompt disposal of the Cuba Receivables, given (a) the low probabilities of recovery due to the geopolitical situation and the political support provided by Cuba towards Russia in relation to the conflict in Ukraine, and (b) the fact that the sale price of the Receivables could have deteriorated even further from their effective sale price over time. Therefore, the Collection Agent decided to proceed with the sale of such Receivables for an amount in aggregate equal to EUR 4,480,723.04 which was the best possible offer at the current time.

* Please note that, for the above mentioned reasons, the Collection Agent proceeded with the sale of Cuba exposures included in all the Trade Finance compartments

Yours sincerely,
